Here the Cotton Goes.

A circular letter of a New York broker recapitulates a few of the uses to which cotton is put. In view of the oft-asked question as to where the 12,000,000 bales of cotton go when made into manufactured goods the following will be worth while:

"Cotton enters into the manufacture of more articles today than any other commodity, except steel.

"Eliminate cotton and the stoppage of spindles and looms would be but a trifle compared to the paralysis that would visit countless other industries.

"The railroads of America consume 250,000 bales of cotton annually. Cotton duck is the basis of the airbrake hose; or enameled ceilings; the plush chairs are of cotton; the leather seats are of cotton.

"Automobiles require about 290,000 bales annually for the manufacture of tires and about 35,000 annually for the manufacture of leather seats and cushions.

"More cotton is used each year to harvest and market the grain crops of the world than would be required to clothe the inhabitants of a large city.

"Electricity, powerful as it is, cannot get along without cotton. Millions of miles of copper wire annually owe the perfection of their insulation to cotton yarn or tape of cotton cloth.

"The armies of the world today are clothed in cotton cloth—khaki—or something similar. This country alone requires about 5,000,000 yards of eight ounce khaki cloth annually for its army.

"The navies and merchant ships of the world use more cotton duck today than was required in the days of sailing vessels.

"Millions of yards of cotton cloth are used by the tobacco industry for growing tobacco under shade and making bags for smoking tobacco.

"Cotton is used in the mining and marketing of coal. About 15,000,000 yards of cotton duck annually are made into coal bags.

"About 20,000,000 yards of cotton duck are made into overcoats with blanket lining, to take the place of heavy wool and fur garments in the American and Canadian northwest.

"Thousands of bales annually are required to make cotton duck to place around the asbestos sectional

covering in which the steam and hot water pipes of fireproof buildings are encased.

"Cotton blankets have displaced wool blankets in many important markets of the world.

"Cotton cloth has taken the place of wall paper in thousands of modern homes.

"Cement companies use about 8,000,000 yards of cotton bagging annually.

"The government requires about 8,000,000 yards annually for coal bags.

"Millions of yards of duck, 46 inches wide, are used annually for the purpose of filtering oils.

"Cotton duck is the basis of rubber belting and all kinds of hose. Sales to these branches of trade amount to 50,000,000 yards annually.

"Million of yards of cotton cloth are used in large cloth signs and advertisements.

"More 'cotton' is used in linen shirts and collars than linen itself.

"Cotton is used to a greater or less extent in all but the most expensive of woolen fabrics.

"These items furnish a few of the reasons why the world needs 3,000,000 bales more cotton than it did five years ago, notwithstanding the fact that new markets have not been extensively developed and the world's population has shown no sudden increase."

The stockholders of the Anderson County Hospital Association have recommended to the directors of the institution that they borrow \$10,000 and remodel the building, doubling the capacity and making it to accommodate fifty instead of twenty-five beds as at present.

GEORGIA-CAROLINA FAIR.

At

Augusta, Ga., November 6-15, 1909.

The Atlantic Coast Line announces very low excursion rates to Augusta for the above occasion and for the visit of

PRESIDENT TAFT.

The President is scheduled to reach Augusta, Saturday evening November 6, spend Sunday there and meet and address the people of South Carolina and Georgia on Monday, November 8. Another great event during the Fair will be the Football Game between the Clemson College and University of Georgia teams on November 10; and still another will be Children's Day, November 12th.

Round trip tickets will be sold from Savannah, Charleston, Congaree, Florence, Darlington, Camden, and intermediate points, Nov. 6 to 12, limit to leave Augusta not later than midnight of November 15th, 1909.

For tickets, rates, schedules and any desired information, call on M. F. Duke, Ticket Agent, Sumter or any Agent of the Atlantic Coast Line, or address:

"C. R. Kluger, the Jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." Sibert's Drug Store.

Assistant Attorney General De-Bruhl will appear at the Berkeley Court House to push the suit against County Treasurer Edwards, of that county, to recover the \$6,000 alleged shortage in his accounts. The treasurer was removed by Governor Ansel and another appointed in his stead. The case was to have come up at the last term of Court but was postponed. The suit will probably come up next month.

"Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. Sibert's Drug Store.

Tigers Won Yesterday in Spectacular Exhibition—Mullin's Hurling Puzzled Pirates—Tom Jones will not Play To-morrow, as His Neck and Spine are Injured.

Detroit, Oct. 14.—Detroit kept in the great fight for the world's base ball championship by defeating Pittsburgh 5 to 4 today, in a battle full of sensational and thrilling situations, and tonight the two teams are tied, with three victories each. The seventh and deciding game will be played here Saturday. A fear-inspiring rally in the ninth inning by Pittsburgh was stopped after one run was scored, but three Detroit players were injured in stemming the rush of Pittsburgh runs to the plate.

Tom Jones, the Detroit first baseman, was the most seriously hurt. His neck and spine were injured in a collision with Wilson at first base, and this resulted in Pittsburgh scoring its run of that session.

Charles Schmidt, the catcher, had his right leg badly gashed in blocking Abstein off the plate in the final inning.

The play that finished the threatening rally of the National League champions resulted in the injury of George Moriarity, when he caught Wilson trying to steal third on Abatiechio's strike-out in the same inning. Moriarity's left knee was badly hurt when Wilson slid into the base.

It is practically certain that Jones will not be able to play in Saturday's decisive battle. Schmidt, it is thought, will be able to play and there is no doubt that Moriarity will be in the last game.

The Pittsburgh team got away in the lead by smashing out three runs on four successive hits off Mullin in the first inning. After that the great Mullin was invincible until the ninth, when he weakened enough to get into a dangerous situation, only to extricate himself by another marvelous exhibition of pitching.

A GREAT FEATURE.

Of the South Carolina State Fair at Columbia Will be the Visit of President Taft.

The Atlantic Coast Line announces very low round trip rates from all points in South Carolina to cover the above occasions, tickets to be on sale October 31 to November 5 inclusive, with return limit to leave Columbia up to and including, but not later than, midnight of November 8, 1909. Tickets will include admission to the fair and transportation to and from Fair Grounds on local trains of the A. C. L. which will make frequent trips.

Saturday, November 6th, will be TAFT DAY.

When the President will meet and address the people at the Fair Grounds and review the Military and Civic Parade.

CITIZEN'S CERTIFICATES.

The Law Requires All Who Teach in the Public Schools to Secure Them.

The school law of this State requires every teacher in a public school of any kind to have a certificate to teach. The State superintendent of education has recently called attention to the law, and a circular letter calling particular attention to this requirement has recently been sent by the high school inspector to the principal of every State aided high school. Notwithstanding all these, dozens of teachers in these schools throughout the State are yet without certificates. Most of them are depending upon their diplomas. A diploma does not entitle the holder to teach; a diploma from an accredited college gives the holder the right to a certificate to teach. Some of these schools are going to find themselves embarrassed,

since no money whatever will be sent to any of these schools until every teacher in it has a valid certificate.—The State.

To be true to ourselves; to be faithful to the light God gives us; not to be moulded by fashion; but to stand on one's own feet, this gives every one some strength, some power to do good.—James Freeman Clarke.

Money Comes In Bunches.
*to A. A. Chisholm, of Treadwell, N. Y., now. His reason is well worth reading: "For a long time I suffered from indigestion, torpid liver, constipation, nervousness, and general debility," he writes, "I couldn't sleep, had no appetite, nor ambition, grew weaker every day in spite of all medical treatment. Then used Electric Bitters. Twelve bottles restored all my old-time health and vigor. Now I can attend to business every day. It's a wonderful medicine."
